

## Winchester Hospital Scores 'A' Grade for Safety from Leapfrog Group

Winchester Hospital has been recognized for its dedication to patient safety by being awarded an “A” grade in the Fall 2020 Hospital Safety Grade by The Leapfrog Group, which rates how well hospitals protect patients from preventable medical errors, injuries and infections within the hospital. The hospital has received an 'A' grade since the fall of 2014.

Developed under the guidance of an expert panel, the Leapfrog Hospital Safety Grade uses 27 measures of publicly available hospital safety data to assign A, B, C, D and F grades to more than 2,600 U.S. hospitals twice per year. The Hospital Safety Grade's methodology is peer-reviewed and fully transparent, and the results are free to the public.

"At Winchester Hospital, we continuously strive to maintain the highest standards," said Rick Weiner, MD, President. "This recognition reflects our commitment to providing the highest quality of care in the safest environment possible."
